# PINEHURST NURSERIES

PINEHURST, N. C.

North Carolina
Woody and Herbaceous
Plants
and Other Ornamentals

70 ACRES

WHOLESALE
TRADE LIST

Our FREIGHT AND EXPRESS OFFICES are at Pineherst, with through connections over the Scaboard Air Line Railway and the Southern Railway.

TRANSPORTATION RATES to any point will

be gladly furnished. They are per 100 lbs. to

TERMS: Cash or satisfactory references. All book accounts become due and subject to sight draft on June 1st for Spring sales. A discount of 5 per cent, is allowed for each orders and 2 per cent. for remittance within 15 days from date of shipping receipt.

REDUCTIONS: Woody Plants are invoiced 5, 50 and 500 at 10, 100 and 1000 rates respectively; Herbaceous Plants 5, 25 and 250 at 10, 100 and 1000 rates. Packing and boxing is done with greatest care and

charged at cost.

SHIPPING INSTRUCTIONS as to kind of conveyance and routes are solicited, or we shall forward at our own discretion, but in no case do we assume any responsibility for safe delivery of goods after proper shipment by us.

SHIPPING SEASON: While we can ship shrubbery from October until May with but temperary interruptions, we request that orders, especially for Spring shipments, be sent us as early as convenient. We have a capacious storage cellar and can keep plants dormant for late shipment if dug in time.

HERBACEOUS PLANTS: We pay special attention to the growing of rarer perennials which are deserving of general cultivation. We have also efficient collectors in the Western States and can quote by

letter on quantities of such collected plants.

COLLECTED SHRUBBERY: We call the particular interest of nurservmen and park and cemetery officials to our special facilities to collect our native trees, shrubs and plants in largest quantities at fair figures, and can quote very attractive prices on carload lots. We ship only well-developed stock with good roots, which have not been exposed to the weather. We generally prime the tops, especially of the collected decidnous shrubs, to effect a material saving in freight, and pack in sphagnum moss.

TREE SEEDS: We issue a very complete DESCRIPTIVE CATALOGUE OF AMERICAN SEEDS of conifers, trees, shrubs, palms, cacti and perennials, which will be gladly mailed to any address.

THIS LIST CANCELS ALL PREVIOUS TRADE

LEONARD TUFTS, OTTO KATZENSTEIN,
Owner, Manager.

Address all correspondence to

PINEHURST NURSERIES.

1000

OUR NURSERIES WERE INSPECTED ON AUG. 15th, 1902, BY THE ENTOMOLOGIST OF THE NORTH CAROLINA COMMISSION FOR CONTROL-LING CROP PESTS, AND A COPY OF THE CERTIF-ICATE OF INSPECTION ACCOMPANIES EVERY SHIPMENT.

WE ARE PREPARED TO FUMIGATE SHIPMENTS

WHEN SO REQUESTED.

WE HAVE UNEXCELLED OPPORTUNITIES TO HAVE RARE PERENNIALS AND OTHER PLANTS COLLECTED IN THE WESTERN STATES, AND PLACE OUR SERVICES AT THE COMMANDS OF ALL INTERESTED WHO WILL ADDRESS US IN THIS MATTER.

# Abies Arizonica Argentea. Silver Cork Fir.

The fame of this beautiful new conifer is now well established and specimens are growing in many parts of this country. It is a truly unique tree, with its intensely silver-blue foliage and the SILVER-WHITE CORK BARK which develops as soon as the trees attain a height of about three to four feet. When planted in rich and not too dry soil it proves a rapid grower, increasing about six to twelve inches in one season.

#### IT IS ENTIRELY HARDY.

For sizes and prices of trees see page 1 of this list. SEED we offer at \$20.00 per pound; \$2.50 per ounce; \$1.00 per trade packet.

#### Succulents.

Frequent inquiries from our patrons have induced us to start a collection of rarer cacti and other succulents, both hardy and tender. We propose to extend our list as fast as our collectors can find kinds somewhat out of the common and we shall at all times be pleased to keep all interested informed as to any additions. The unnamed AGAVE species which we offer here are very interesting in form, and, to judge from their original habitats, will prove fairly hardy south of New England anyway.

The kinds known as hardy we have marked \*.

\*Agave applanata parryi....6-in. pots, 1st size 1.50 12.50 Parry's HARDY Aloe. 4-in. pots, 2nd size 1.00 8.00 3-in. pots, 3rd size .504.00Seed 50 cents per trade packet. A valuable acquisition among agaves, which will give a tropical aspect to the most northern plantings. The leaves are grayish-green, very thick, fleshy, about 18-24 ins. long, tapering into long, brown, stiff spines. The flowers are showy, greenish-yellow and 2 to 4 ins. long.
